PRICE THREE CENTS

Narberth Man Back From Long Trip

Reports Interesting Coast To Coast Motor Journey

Last Saturday evening Mr. and Mrs. Robley A. Warner, formerly of Ardmore, but now residing in Narberth, Pa., completed an extended motor trip of 15,000 miles through California and the Northwest.

The Warners left home March 7th last by train for Pasadena, California, shipping their Buick motor car via Panama Canal to Los Angeles.

After receiving their car, they spent five weeks in Pasadena as a center, touring all Southern California, which is a network of fine boulevards throughout this part of the State, together with a trip into Northern Mexico, The Grand Canyons of Arizona and Yosemite National Park.

While returning from Yosemite on June 15th and crossing the high Sierra Nevada Mountain Range they encountered a twelve-hour blizzard which by noon had completely blocked all traffic, and with several others they were forced to seek shelter for the rest of the day and night in an abandoned tent, the nearest habitation being fifty miles ahead.

Leaving Pasadena, they motored north, visiting all the principal cities and points of interest along the coast of California, Oregon and Washington, including side trips to the Columbia River and Mount Ranier National Park, the most northerly point being Vancouver, B. C.

They left Seattle for the transcontinental trip July 15th, by way of the Yellowstone Trail, which they report as fair in dry weather. In crossing the Bitter-Root Mountains from Idaho to Montana, many parts of the trail were very dangerous, due to single road traffic, steep grades, sharp curves, temporary bridges and fording of small streams due to the recent severe storms; nevertheless, they were high in their praise of this route, as compared to the southern route through New Mexico and Arizona, where the hot deserts were encountered.

A week's side trip to Yellowstone National Park, Shoshone Dam and Canyon, and Cody, Wyoming, was a feature of the trip.

The "COAST TO COAST," which was plainly lettered on the hood of the engine, and the Shriners' pennant in rear of car attracted much attention.

The entire trip was made free of illness, accident or motor trouble, although while crossing the desert in South Dakota they narrowly escaped a holdup by two bandits, which was probably averted by Mr. Warner's quick getaway and the use of his Colt automatic, a very necessary article in Western motoring.

Mr. Warner has many most interesting photographs which he made covering the entire trip of six months.

WILLIAM POWELL

William Powell, of 314 Woodbine Avenue, died suddenly of heart failure on Tuesday of this week. He had gone to his room in the late afternoon to rest, and was found dead by members of the family.

Mr. Powell, who was 57, was born in Philadelphia. He was known as an ardent baseball enthusiast and was an active member of the Narberth Baseball Association. His son, Burton, is well known in Narberth as a baseball and basketball player.

The funeral, to which friends are invited, will be held this afternoon at 2.00. Interment will be at Leverington Cemetery.

He is survived by his wife and five children, Mrs. Elizabeth Haller, of Gordon Avenue; Ruth, Ellwood, Burton and Harold Powell.

One of the great mysteries of life is how a dear old lady driving a car on the wrong side of the street expects a 5-ton truck to get out of her way, and another is the meek manner in which it does.

An Automobile or A Home?

Building and Loan Discusses Principles of Saving

Many requests are received by the Directors of the Narberth Building and Loan Association for information on the workings and scope of the association. In response to such requests, a comprehensive explanation is being published this week.

The following article is taken from "Breyers Leaf" of August, 1923, by permission of the writer, Mr. E. J. Mather, Vice-President of the Breyer Building and Loan Association, and the article is such a fine one and goes into the details of Building and Loan activities so thoroughly, that it is published at this time for the benefit of the readers of "Our Town."

The publicity recently given to the \$5.00 per week purchase plan for the purchase of automobiles will no doubt have the good effect of teaching many people how to save, even though they find they are unable to keep their automobiles after they get them.

The plan was started by the Ford Motor Company. It requires the deposit of \$5.00 per week in some bank, which, when totaled to about 25 per cent of the value of the car, is applied against the purchase price of the car. The machine is then delivered to the purchaser and he continues to pay the \$5.00 per week until the car is paid for.

The plan was broadcast as a new one for acquiring an automobile, but it is simply the Building and Loan Association idea applied another way. Many people have purchased automobiles by this plan who do not own property. They found it easy to buy the automobile, so why should they not find it just as easy to buy a property? Many people are depositing \$5.00 a week on the purchase of an automobile who think it would be impossible for them to deposit \$5.00 a month for the purchase of a property.

It is certainly the desire of every family to own the house it lives in and some sacrifices should be made to attain that end.

How the B. & L. Operates

We are asked many times how a building and loan association operates. There are many, many people who be-

(Continued on Page 2)

SHOCKING

With its usual unflinching foresight, "Our Town" had its representative on the spot when the fire siren began to scream at twelve-thirty last Sunday night. The doors flew open, the lights snapped on. Down the street in cars and on foot our daring third-alarmers came tearing. Shirts open at the neck and shirt tails sometimes peeping from their trousers, sockless, disheveled, and sleepy, they came running at the call of community service. Some had time to don their rubber coats and helmets, others arrived only in time to jump on the truck, as it got under way down the street. One ambitious fire fan tried to jump on the truck, but was firmly repulsed by the fire-fighters. After slowing down to discharge this unwelcome passenger, the truck again picked up speed and reeled around the corner in the direction of 115 Dudley Avenue.

The cause of the alarm was a fallen high voltage wire, a victim of the thunderstorm. It hissed and sputtered on the sidewalk, in front of the apartment house owned by Mrs. Oakie Cook, while police with lanterns were guarding it, keeping back the fifty or more curious spectators who had by this time assembled.

A phone call to the Bala and Merion Electric Company resulted in the current being turned off. No one was hurt, and there was no property damage. -Save for the obvious question of just why some one called out the fire-enters for the occasion, the manner in which the affair was handled is a tribute to Narberth's thorough police and fire protection.

The FIRESIDE

"Beauty," a dog belonging to Mrs. A. V. Emmett, of the Forrest Apartments, was killed on Haverford Avenue Wednesday when it was run over by a car driven by Alban E. Reid, of Nantbrook Park. The dog, formerly the pet of the late Arthur V. Emmett, Physical Director of the Narberth schools, was well known in Narberth.

Among those who have returned home from summer school at State College are R. R. Howenstein and K. E. Strickler, of Narberth.

Mr. Rupert Bieger, of Montgomery Ave., is spending the remainder of the summer at New Egypt, N. J.

Mrs. N. C. Rowley, of Chestnut Avenue, entertained several friends at Bridge last Monday evening in honor of Miss Minnie Schultz, of Lansdale. Those present were Mrs. H. R. McConnell, Mrs. Ralph S. Dunne, Mrs. William Macintosh, Mrs. John E. Wetzel and Mrs. William Mitchell.

Mrs. J. T. Howenstein and her daughter, Mrs. Collins, with the latter's three children, have left for Ocean City.

Mr. and Mrs. J. E. Burrell and family, of Merion Ave., have taken an apartment at Ocean City, N. J.

Among those chosen to serve on the Grand Jury for the September term of Court at Norristown, Pa., are two active members of the Narberth Fire Department, F. A. O'Brien, of Woodbine Ave., and Ray Weiss, of Avon Road.

Miss Marie Mesen, of Narberth, has spent two weeks at Wildwood, N. J., as the guest of Miss Eleanor Fittipold, of Narberth.

Miss Dorothy Seymour Clevenger, of Woodside Avenue, left last Saturday by motor to spend two weeks in Atlantic City.

Mr. Philip A. Livingston is spending the weekend at Ventnor, N. J., as the guest of Mr. W. Wyelf Walton, formerly of Narberth.

Mr. Collum Righter is reported as travelling through Tierra del Fuego, studying the Palm plantations.

Dr. A. S. Orr is spending the month of August at his former home near Pittsburgh.

Mr. S. B. Edgerton and family, of Chestnut Avenue, have returned from a motor trip to Ohio.

The regular meeting of the Ladies' Aid of Holy Trinity Lutheran Church will be held Wednesday, Aug. 29th, at the residence of Mrs. Chambley, 207 Elm Terrace.

Miss Gertrude Ross, of Essex and Windsor Avenues has as her guest Miss Elizabeth Wilcox, of Pleasantville, N. Y., her roommate at Mt. Holyoke.

Mr. and Mrs. W. H. Cobie have returned to their home in Narberth, after motoring through the Adirondacks for the past two weeks.

Miss Katherine White, of Summer-ville, S. O., is visiting friends in Narberth. Miss White is the daughter of Benjamin T. White, who formerly lived in Narberth and who was Captain of the Narberth Home Guards when that company was organized.

Mr. Edward U. Smith and family, of 200 South Narberth Ave., have motored to Washington County, Pa., where they will spend a short vacation.

Mr. and Mrs. Fred H. Glanz are spending two weeks in Ocean City.

Narberth Versus Philadelphia

Prepared for Great Battle Of Intellect

Whether Narberth can successfully compete with the cognescenti of Philadelphia and serve up piping hot and all that sort of thing an intellectual treat that will make our people "Buy in Narberth and be Satisfied" is the much-discussed question of the present moment. Several of our harassed merchants were more or less dubious about it, but they seem to view life with a jaundiced eye on a rainy morning. In all events, the Chautauqua is coming and we shall see what we shall see.

Casual perusal of the various posters which have been distributed throughout the town show that the program groups the affair under three heads, viz: Music, Entertainment and Lectures. This we believe to be a mistake, because it seems to point out that one will not be entertained by the lectures! On the other hand, consider some of the lecturers and their subjects. It is reasonable to suppose that magazine articles are read by at least a few Narberthites and, working on that supposition, we assume that Frank Tannenbaum is not unknown to us. He is going to hold forth on a subject that has been before the minds of thinking people since the birth of civilization, and that is, "Crime and Punishment." It should be interesting to us at this time, due to the agitation over the prison systems in Philadelphia. Mr. Tannenbaum has made quite a study of this subject and should be very interesting and informative as well.

During recent years a great deal of thought has been given to the participation of the youth of the country in the Chautauqua idea. With that end in view, the so-called "Junior Chautauqua" has been organized. As far as Narberth is concerned, we are sure to be well represented, since Miss Ruth Hlavs has charge of the younger element. There is to be a kite-flying contest and numerous other features of interest. Of course, tickets for the youngsters are available at a reduced rate.

Feminist leaders of our thriving Borough are taking desperate steps to stop the presentation of one of the late Will Shakespeare's plays. They feel that after years of study of the teachings of George McManus, the performance of "The Taming of the Shrew"

(Continued on Page 4)

STUPENDOUS! SPARKLING! SCINTILLATING! SALIENT SPECTACLE

So say the committee of the Tennis Club with reference to their Annual Country Fair which will be held this year on Friday and Saturday, Sept. 28-29th. Already the Grounds Committee has faced a problem, in that it will be a task to find room for all the attractions. There is to be, a Baby Show, a Big Show filled with main Big Top attractions, a Fortune Teller, a Snake Charmer, a regular restaurant, Hobby Horses for the Kiddies, thirty-nine booths, Zeala, the mystery woman who can tell you a lot of things you should know and many that it would be as well, perhaps, you shouldn't know. At any rate, at any cost see her and hear her, she is a thousand village gossips thrown into one, but she tells you just what she knows about you. She is marvelous! Bewitching! Remember the name ZEEELAH.

There will be bands, and ponies, and a hundred and one ways to spend your money. And last, but not least, the Touring Car with the wonderful motor which some one will win for a prize. The time is Friday and Saturday, Sept. 28-29. The place—on the spacious grounds surrounding the club house. Hope to meet you at the Fountain.

Record Crowd Sees Newton Game

Visitors Tie Boroughites In Exciting Contest

A crowd which established a record for Narberth Twilight Baseball saw the Newton A. A. team play to a tie in an effort to square accounts with our local boys Thursday night.

Over 500 people saw the game, and the autos were banked three deep on the hill and on Rockland Avenue. The game was an interesting and exciting contest. The Newton team, composed of negro players, received its first defeat in eighteen games last week, and armed with their first-string pitcher came out Thursday night to balance the books.

It looked for a while as though they would do it. In the sixth inning they had Narberth on the short end of a 4-2 score and were playing watertight ball, but a run in each of the sixth and seventh innings saved the day.

Narberth could have won, but errors and wild throws came at inopportune times. Mickey Burns made a bad overthrow in the fifth to second base which brought in a run, but squared himself a few minutes later by catching a man on third by a bullet-like throw.

In the seventh, the score was tied, with two out and men on bases. A long hard fly between the centerfielder and rightfielder looked like a hit—and victory for Narberth. Turner, the one-armed centerfielder of the Newton team, sprinted for the fly and snapped it out of the air in one of the finest catches seen on the field. The sensational play saved the game for New-

(Continued on Page 4)

HE TOOK THE DARE

After the Newton game Thursday evening, a large crowd assembled before the Avon Apartments to watch "Daredevil Jack" Reynolds scale the face of the building.

Reynolds, who travels all over the country, went up the face of the structure with ease until he reached the roof, where loose slates near the cornice compelled him to use a rope.

When he explained to his audience the reason for this help a voice from the rear of the crowd cried out derisively that he was "yellow."

Upon reaching the top, Reynolds expressed in no uncertain terms his feelings for the tormenter and told him that if he were not "yellow" himself he could try the climb, too.

Without a moment's hesitation, the youth removed his coat and shoes, and went up the side of the building like a fly, duplicating the Daredevil's feat in less than half the latter's time, arriving at the top amidst a great deal of applause.

The crowd, thinking it was a frame-up, demanded the boy's name, whereupon it was discovered to be "Tommy" Atkins, of 310 Grayling Avenue. Reynolds declared it was the first time anyone had ever followed him in one of his stunts, and that "it took a small-town kid to do it."

Reynolds completed the evening's entertainment by a series of balancing stunts with chairs on the edge of the roof.

LOCAL DEMOCRATS ACTIVE

A full local ticket will be available for Democratic voters in Narberth at the Primary Election on September 18th. Nominating petitions have been filed for all local offices, including members of Council and the School Board.

Narberth voters will also have the opportunity of supporting a well-known local lawyer for the office of District Attorney of Montgomery County. Mr. Samuel K. White, who resides on South Narberth Avenue, has filed a petition for that office. Mr. White is with the firm of Rawle & Henderson, West End Trust Building, Philadelphia.

MARRIED IN NEW YORK

Mrs. Ruth Hilda Emmett, of the Forest Apartments, was married on Monday of the week to Edward Paul Sullivan, of Los Angeles, Calif. The ceremony was performed at the Little Church Around the Corner, New York.

Mrs. Emmett is the widow of Arthur V. Emmett, a former physical director of the Narberth schools, who died following an operation in May, 1919. Since that time, Mrs. Emmett has been living in Narberth with her young nephew, Kenneth Emmett.

After the wedding ceremony, the couple returned to Narberth, where a wedding dinner was served to the newlyweds by Mrs. Jennie Snyder Gerhart. They then left for a honeymoon trip to Wildwood, N. J., and Washington, D. C. After September 15th Mr. and Mrs. Sullivan will be at home at the Forest Apartments.

CONCERNING REGULATIONS

Last week, for the advance information of the householders, we published the new rules regarding the collection of ashes, garbage and trash. We neglected to state, however, that the rules go into effect October 1st.

A placard has been printed containing the new regulations, and a copy will be given each householder to be posted in a conspicuous place. These will be distributed with the regular August ash collection which begins next Monday. The winter schedule becomes effective October 1st.

SHE was a dear old LADY of seventy I should JUDGE. You know the kind, one of THOSE that always had COOKIES for the Kiddies, and who LISTENED to their troubles with GRAVE concern. At one time she HAD a beautiful family of three GIRLS and two boys. Two of the FORMER married and went far AWAY. The third she lost in a FIRE. Her two boys she gave to HER country—her husband followed SHORTLY after. She said "My road HAS been long, and my burden AT times not so light," but WHAT I miss most in my BIG home now is the laughter of LITTLE children! I thank you.
J. W. D., Apologies to K. C. B.

The Fireside

Mrs. N. Wesmer, of the Windsor Essex, has left for a visit to Trenton, N. J.

Mr. and Mrs. B. F. Livingston and family have returned home after enjoying five weeks at the shore.

Mr. Gifford Eisenback has been confined to his home with grippe.

Master Harry S. Cafferty, Jr., has returned home from Ocean City.

Mrs. E. E. Marsh and daughter Harriet and Mrs. A. C. Staples and daughter Jean, of Woodside Avenue, enjoyed a trip to Willow Grove this week.

The condition of Mrs. C. A. Roberts, of Elmwood Ave., who has been so seriously ill with heart trouble, shows very little improvement.

Mr. and Mrs. Horace R. Hillegas, of Elmwood Avenue, are leaving today for their farm in Maryland, where they will remain until after Labor Day.

Mrs. J. P. White and daughter Muriel have returned from a week's stay at Stone Harbor, N. J.

Miss Emily Miller is spending two weeks in a trip through the Great Lakes.

Mrs. H. R. McConnell and her two children, Betty and Donald, Mrs. Ralph S. Dunne and Mrs. Walter Sawyer visited Mrs. Wallis Boileau at Avalon last week.

Mrs. C. Howard McCarter, of South Narberth Ave., is spending her vacation in Ocean City, N. J.

Capt. H. G. Sparks is spending a couple weeks at the training camp at Tobyhanna, Pa.

Mr. and Mrs. Arthur G. Compton, of Woodbine Ave., have been at Stone Harbor, N. J., for two weeks.

Mr. O. H. Graves, of Merion Ave., has joined his family at Monson, Mass., and will go with them to Lake Winnebago for a month.

Mr. Philip Rieger, of Montgomery Ave., left on Tuesday for a visit to Pittsburgh, Pa. He will be joined later by his mother and father.

Mrs. A. W. Crossley, of Washington, D. C., has returned to her home after a visit to her daughter, Mrs. W. E. Boryer.

Mr. and Mrs. Lukens, of Montgomery Ave., have returned to their home after a trip to Ocean City, N. J.

REAL HARD LUCK

"Just my luck," said the prisoner, as he threw the magazine across his cell in disgust. "Nothing but continued stories, and my execution's fixed for next Friday."

AN AUTOMOBILE OR A HOME?

(Continued from Page 1)

Long to building and loan associations who do not know how it functions when it comes to buying property. We will endeavor to explain fully just how simple it is for any person desiring to become a property-owner to fulfill his desire.

The automobile purchase plan gives us a very happy comparison. They say in their advertisements, "Deposit \$5.00 per week and own your own automobile." You find, however, it is not like other installment plans where you can pay \$5.00 and have a piano delivered or \$3.50 and have a vacuum cleaner delivered or fifty cents and get an electric iron. The plan works a little different from the regular installment proposition.

In the automobile proposition, as explained above, you must deposit a certain sum of a certain proportion of the value of the car before it is delivered to you. This is exactly what happens in the building and loan association. Many people do not have \$500 to \$1000 to put down on a house that they desire to purchase. If they would subscribe to twenty shares of

building and loan association stock, which would be \$5.00 a week or \$20 a month, they would find that in a period of from three to four years they would have enough money in the building and loan association to permit them to purchase a property.

In order to enable the stockholder to purchase a property, when he has a sufficient amount of money deposited with the building and loan association, he takes the information on the property to a director of the association, who takes his application for a mortgage to cover the purchase of the property. This mortgage is the first mortgage which will represent the difference between the cost of the property and the amount that the stockholder has saved to pay down on it. The property committee views the property and makes its recommendation to the board of directors as to whether the loan is a safe one. If the board passes it, the stockholder then cancels the stock that he has already been paying on (provided he has no other cash available—if he had cash available to make his down payment, then of course he could continue his original shares) and receives from the association the amount he has saved, plus any earnings of the association. With this money he makes his down payment on the house.

The mortgage that has been placed by the association is taken out on new stock and the transaction is completed. The interest charge on the mortgage is 6%. If the amount of the mortgage is \$4000 and if it is a first mortgage, the amount the property owner pays to the association is \$40 a month. The \$40 is made up as follows: The \$4000 mortgage is secured by twenty shares of stock in the association at \$1 a share or \$20 a month. The \$4000 mortgage carries 6% interest and on \$4000 6% interest represents \$240 a year or \$20 a month. So the total outlay is \$40 a month for the purchase of the property. However, the \$20 that is paid on the stock or shares is not an expense, but is just that much paid off each month on the property and when these shares mature (the period of time required is from eleven to twelve years), then the mortgage is automatically wiped out and the property is entirely clear.

The above article applies to the Narberth Building and Loan Association as well as the Breyer Association and is published with the idea that you will want to think over your Building and Loan plans before Thursday evening, September 6th, as on that evening the new 36th Series of the Narberth Building and Loan Association will be opened for both short and long term stock at Elm Hall, from 7.30 until 9.

The Narberth Building and Loan Association has assets of more than \$600,000 and earns for its stockholders over 5 1/2%, and has over 10,000 shares of stock in force.

Subscriptions for this new series will be received by Mr. Leitch at the Merion Title and Trust Company, or Mr. Howard at Howard's Drug Store, and if you are unable to attend the opening of the new series on the above date, arrangements can be made with either one of these gentlemen or with any of the other Directors of the Narberth Building and Loan Association to take stock in the new series for you. Initiation fee, payable the first month only, is twenty-five cents in either series.

Every housekeeper knows how hard it is to tell how a cake will turn out.

It may look like a beauty up to the moment of pulling from the oven—and then Mrs. Brown may come calling, or little Johnny may tumbledown the well.

No disappointments with

Good Cakes

We do all the worrying. You get the cakes.

Toothsome and delicious—the perfect finish to any meal.

vacation in Canada during the latter part of next week and will occupy his pulpit on the morning of September 2d.

NARBERTH METHODIST EPISCOPAL CHURCH

Arthur S. Walls, D. D., Pastor.

Sunday, August 26:
9.45 A. M.—Bible School.
11.00 A. M.—Morning worship. Sermon by the Rev. Paul R. Kirts, of Philadelphia.
7.00 P. M.—Union Twilight Service on Lawn, Windsor and Hampden Aves.
Union Prayer Meeting, Wednesday, 8. P. M., at the Presbyterian Church.

ANNOUNCEMENT

Athletes Called Out

The Narberth Public Schools will reopen on Monday, September 10th. All grades will work on a two-session schedule. For Grades I and II the sessions will be as follows: 8.40 to 11.40 A. M., 1 to 2.30 P. M. Grades III and IV: 8.40 to 11.40 A. M., 12.40 to 3.00 P. M. For Grades V to IX inclusive: 8.40 to 11.40 A. M., 12.40 to 3.20 P. M.

Pupils who are to enter school for the first time must be vaccinated prior to entrance. The vaccination certificate must be presented at time of enrollment. It is advisable that this be done at least two weeks before the opening of school.

The lower Merion High School will open on Tuesday, September 11th. Pupils from Narberth will report there on that date.

Football Candidates

Coch Fortsburg desires to meet all candidates for the high school football team on the Lower Merion field at two o'clock Tuesday, September 4, for preliminary practice. This includes all who were last year enrolled in the Narberth High School.

Suggestions

Many, many children go to school with a nice new "scratch" on arm or leg, that the doctor assured them would "take" nicely. As a general thing it does and the child is feverish and restless and on the edge of illness for about ten days. Then the crust forms and somebody strikes it and knocks it off and the child is frightened and hurt. All this could have been prevented by having the vaccination done while the youngster was at home.

One cannot learn if a tooth keeps up a dull grinding ache. Eating properly is impossible and if the teeth are abscessed and full of cavities the eating that is accomplished is spoiled. Food ground by such teeth is too unpleasant a subject to pursue. It is impossible.

Unless a child's teeth are in a line and unless they meet properly the child cannot speak distinctly. Missing teeth may make him lisp. Of course that can be helped. He must wait until they grow in again. Extra teeth get in the way of his tongue and prevent clear utterance. That can be helped. Send him to school with his mouth in good shape.

As for adenoids, they do not belong and should meet with short shrift. They break the child until he can neither breathe nor speak nor think naturally. Only sadly neglected children have such things.

Then be sure to tell the teacher the correct age of the child. Lately there have appeared parents who have ambitions for their children. They would have them prodigies of learning. Life is too short and the infancy of man too long to suit their notion. The child must be speeded up, so he is sent to school as six years old when he is five.

This is disastrous. The teacher proceeds to teach a six-year mind when she has a five-year one and the child is stunned by the process. He gains nothing, but he suffers a great deal. So does the teacher until she discovers what is wrong.

Give the children a right start.

GOING TO ENGLAND

Mr. Kenneth T. Walton, formerly of Narberth and a graduate of the local High School, sailed on Monday for England, where he will enter the oil business. Mr. Walton, who graduated from Haverford College in 1922, will be in charge of the construction of a large plant for converting cheaper fuel oils into gasoline.

WYNNE FARM

ESSEX AVENUE AT MONTGOMERY

Right on top of the hill! Probably the highest section in Narberth. Seven long time residents of "Our Town" have recently purchased homes and building sites in this development. Surely their judgment on Narberth property is a valuable criterion of the desirability of WYNNE FARM.

But only a few more may be fortunate in securing homes or building sites in this beautiful development. Just one house left, not quite finished (built by A. C. Shand, Jr.). The house will soon be sold, and we don't expect to have a bit of ground left next Spring! Why not consider WYNNE FARM today? Full information on request.

LOOKING FAR AHEAD

As this city grows our service must grow with it. But with this difference: We cannot wait until the demand for increased service is upon us; we must look years into the future and provide plant and distribution equipment well in advance to be ready when the demand arises. This requires more than foresight; it requires large expenditures of money upon which we cannot expect immediate return. Investors will provide us with these funds only if they know our rates and financial standing are such as to warrant security of the investment. It is to the city's interests to insure healthy conditions of its public utilities.

SAVE COAL

Delay the starting of the house heating plant a month or more—Install a handsome radiant gas heater in the fireplace and enjoy its golden glow—at the same time secure all the heat you want where you want it without overheating the entire house.

Convenient Terms
if desired.

FIREPLACE AND PORTABLE GAS HEATERS

Now is the time to prepare for the cool evenings of early autumn. Phone Ardmore 17 and we will send a representative to give an estimate of the cost and show you the various heaters.

AUGUST PURCHASES AT THE LIBRARY

The new fiction purchased by the library during August includes many books by favorite authors. Curwood's "Alaskan" leads the list popularly as well as alphabetically, while Fletcher with his detective story, and Herbert Quick and Emerson Hough with their adventures, provide most entertaining reading. Hergesheimer's "Three Black Pennys" is a new edition of an older publication and well worth reading or re-reading.

A new name on the list—new to general readers, is J. Storer Clouston, and for a tale of quick wit and shrewd invention, and humorous escapade, call for "The Lunatic at Large Again."

Following is the complete list of purchases:

Non-Fiction—"Outline of Literature," John Drinkwater; "Seeing Pennsylvania," John T. Faris; "Wild Flowers of New York," Homer D. House; "World Crisis," Rt. Hon. Winston S. Churchill.

Fiction—"The Alaskan," James Oliver Curwood; "The Communicating Door," Wadsworth Camp; "Corduroy," Ruth Comfort Mitchell; "Exterior to the Evidence," J. S. Fletcher; "The Hawkeye," Herbert Quick; "The Lunatic at Large Again," J. Storer Clouston; "North of '36," Emerson Hough; "Over the Footlights," Stephen Leacock; "The Temptress," Blasco Ibanez; "The Three Black Pennys," Joseph Hergesheimer; "Time Is Whispering," Elizabeth Holmes; "Victoria," Knut Hamsun.

Another Game

The Newton boys still think they can even up the score, and have arranged for another game on the Narberth grounds Labor Day afternoon. A great crowd is expected. For good nature, excellent playing and sportsmanship, the coal men have not been exceeded by any visitors to the Narberth grounds this year, and the local boys are looking forward to this third contest.

Ardmore, at Narberth

Instead of Narberth journeying to Ardmore this afternoon as announced in the regular schedule, arrangements have been made for the game to be played at our local field. The game will be called at 3.15.

Narberth 5, Jewish World 2

The hitting of Jefferies and Harvey Humphries and the sterling pitching of "Pink" Simpson featured Narberth's victory over the Jewish World team (composed mostly of Irishmen) Tuesday night.

The box score:

Paoli Defeated

Narberth won a heavy hitting contest with Paoli last Saturday on the Narberth grounds. The score of the slugging contest was 12-8. Despite the heavy bombardment, both teams fielded brilliantly, Heckel and Hayes excelling. Jack Jefferies, the Princeton star, led with the stick, getting a single, double and triple. Score:

ACUTE

Two students on a train were telling about their abilities to see and hear. The one says: "Do you see that barn over there on the horizon?"

"Yea."

"Can you see that fly walking around on the roof of that barn?"

"No, but I can hear the shingles crack when he steps on them."

MANY STOPS

"Grandpop, what kind of time did the stage coaches make in the old days?"

"It all depended, son."

"On how dry the roads were, I suppose?"

"And how dry the driver was."

Chautauqua

(Continued from Page 1)

would materially lessen their prestige and that the effects would be too far reaching. Sealed bids for quantity shipments of rolling pins will be called for in the near future.

The Chautauqua provides a good performance and is highly valued. By

special arrangement with the management, tickets that sell in Germany for 26,000,000 marks are available in Narberth for the paltry sum of \$3.00. Come and get 'em!

The following suggestions may be studied with profit by parents and guardians:

In a short time now the children will start school again. Many little ones will go for the first time. Are they ready? If they start unprepared they are likely to lose the first half year, be "left back" and make that worse of all starts. Everything possible must be done to help the child make his first term successful that he may have the right attitude—the tendency to succeed—from the beginning.

To make a good start he must be physically fit. After a long season of freedom and play he would be likely to have no ills, but has he been vaccinated? Has the dentist examined and fixed up his teeth? Is his throat clean and his nose free of obstruction? All these points must be considered before sending a child to school for the first time, and if any of them have been overlooked, attend to them now before he enters school.
